

## Members of the Built Environment Alliance Cymru

### The Chartered Institute of Building

We are the world's largest and most influential professional body for construction management and leadership. We have a Royal Charter to promote the science and practice of building and construction for the benefit of society, and we've been doing that since 1834. Our members work worldwide in the development, conservation and improvement of the built environment.

We accredit university degrees, educational courses and training. Our professional and vocational qualifications are a mark of the highest levels of competence and professionalism, providing assurance to clients and other professionals procuring built assets.

### Chartered Institute of Housing Cymru (CIH Cymru)

The Chartered Institute of Housing is the independent voice of housing and the home of professional standards for the housing sector in Wales. We passionately believe in our mission to support housing professionals to create a future in which everyone has a place to call home; equipping them with the skills, knowledge and expertise they need to make a crucial difference every day.

### Constructing Excellence in Wales (CEW)

Constructing Excellence in Wales is the united voice of Welsh construction, representing every part of the supply chain. We are an independent, self-funding membership body campaigning to highlight the industry's role in creating a built environment in Wales that's fit for the future.

## Institution of Civil Engineers (ICE)

Founded in 1818, the Institution of Civil Engineers (ICE) is a UK-based international organisation with over 95,000 members, ranging from students to professionally qualified civil engineers. As an educational and qualifying body, with charitable status under UK law, we support our members throughout their careers, and help society to have trust and confidence in infrastructure professionals.

Under our Royal Charter, ICE has become recognised worldwide for its excellence as a centre of learning, a public voice for the profession and a leading source of expertise in infrastructure and engineering policy.

## Royal Institution of Chartered Surveyors (RICS)

We are RICS. Everything we do is designed to effect positive change in the built and natural environments. Through our respected global standards, leading professional progression and our trusted data and insight, we promote and enforce the highest professional standards in the development and management of land, real estate, construction and infrastructure. Our work with others provides a foundation for confident markets, pioneers better places to live and work and is a force for positive social impact.

## Royal Society of Architects in Wales

[Architecture.com/wales](http://Architecture.com/wales)

The Royal Society of Architects in Wales/Cymdeithas Frenhinol Penseiri yng Nghymru (RSAW) is the voice of the RIBA in Wales. As part of the Royal Institute of British Architects (RIBA), the RSAW champions better buildings, communities and the environment through architecture and our members.

## Royal Town Planning Institute Cymru

RTPI Cymru promotes planning as a profession and builds links with other built environment professions and organisations throughout Wales. Nod RTPI Cymru yw hyrwyddor proffesiwn cynllunio a meithrin cysylltiadau gyda sefydliadau a phroffesiynau eraill yr amgylchedd adeiledig ledled Cymru.
