

# Pitch 200

ARE YOU A CIVIL ENGINEER

WITH A PASSION FOR WHAT YOU DO?

If so, then make sure you apply for Pitch 200, ICE's new competition to find the person who can best demonstrate a civil engineering related concept or project in a 200 second or 3.2 minute – video.

Applicants are invited to make their entries as imaginative as possible using anything at your disposal to explain your chosen idea. Videos should be engaging and dynamic – the use of props is highly encouraged.

The winner will become an ICE Regional Ambassador, and will represent the region in the Pitch 200 finale in November 2018. The overall winner will become the ICE Ambassador – the face of ICE's public engagement programme in 2019.

This competition is open to all ICE members, whatever your membership grade – from students and graduates to chartered members and fellows.

Fill in the form on ICE's website and send us a 60 second video presenting your idea, concept or project. The closing date for regional applications is 22 December 2017.
