

EPA Timeline

Civil Engineering Senior Technician version 1.1 (Including EngTech MICE)

Ensure you refer to the latest version of the [EPA guidance](#) when planning and **before** making your application

Practical period

- Working towards KSBs and academic qualification
- If applying for EngTech MICE:
 - Identify 2-[sponsors](#) (ICE for lead sponsor)
 - [CPD](#) records

Gateway

- Completion of all aspects of the apprenticeship
- Check ICE's [EPA guidance](#) or IfATE's assessment plan for full requirements

EPA planning

- Refer to ICE [website](#)
- Review EPA application dates
- Select portfolio evidence

Before making EPA application (EngTech MICE only)

- Submit sponsor statements of support
- CPD records

EPA preparation

- Technical project brief response (4-weeks)
 - Presentation
 - Technical project report (TPRpt) – 3500 words

Application acknowledgement

- ICE confirms:
 - Application
 - EPA date
 - Assessors
 - Technical project

Complete, CHECK and submit EPA application

- Ensure all evidence is included in your application
- It will be rejected if anything is missing

Before EPA day

- Submit TPRpt 3-working weeks before
- Send 2-copies of your presentation to ICE 48-hours before EPA day

EPA day

- Technical project presentation with questioning
- Professional discussion

Result

- 4 to 6 weeks after EPA day
