

ICE West Midlands BSBC Branch: Ethics in practice - applying the ICE Code of Conduct

The ICE updated and reissued its Code of Professional Conduct and accompanying Guidance Notes in April 2026.

Through small, group discussions, attendees will examine workplace scenarios and consider how the revised code can be applied in practice.

Colin Newsome
Institution of Civil Engineers
Member of the Ethics Committee

Join Colin Newsome, member of the Ethics Committee for an interactive session exploring the key updates, practical implications, and what this means for engineers working in today's evolving industry.
