Graduate (Technician)	All	77.50	80.75
Retired ³ , Concessionary Rate ⁴	All	77.50	80.75
Student	All	Free	Free

Notes to Schedule 1 :

- Proposed rates are based on 4.2% increase, rounded down to the nearest 25p.
- For Associate Members, a 50% discount is available for applicants who are (i) members of an ICE specialist knowledge society, (ii) professionally qualified members of one of Engineering Council's licensed institutions, (iii) members of an Institution with which ICE has an agreement of co-operation, (iv) employees of one of ICE's corporate partners.
- ICE members are entitled to retired subscription if they are aged 60 or over as of 1st Jan, have retired from full time employment on that date and are earning no more than £25,396 per annum, (excluding income from pensions) from any employment or other taxable income.
- The temporary concessionary rate is available, on application, to those members whose income from any employment or other taxable income is less than £25,396 per annum.

The same 4.2% increase will apply to application fees across all grades (transfer and entrance fees), rounded down to the nearest 25p. A reduced application rate (66%) deduction is available for applicants whose income from any employment or taxable income is less than £17,778 per annum.
